# How to navigate through the dashboard pages:
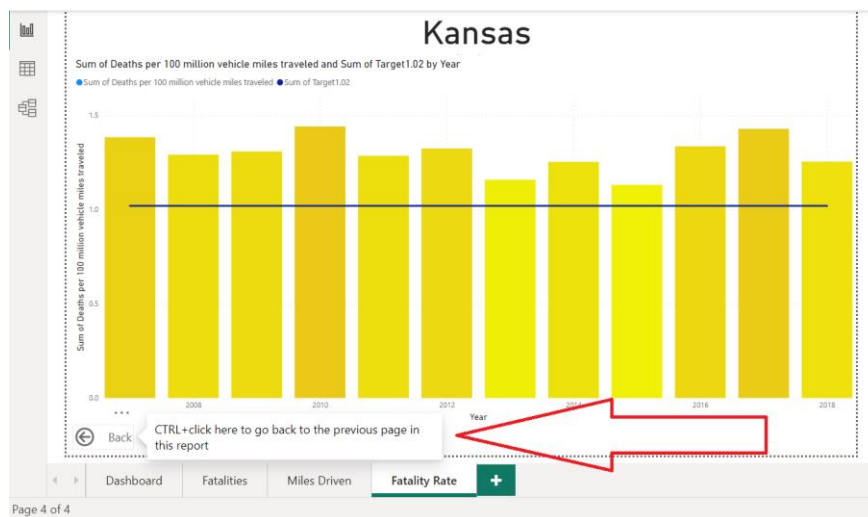

Drill through:

To be able to visualize the data on the other pages, from the state you have selected, you have to right click the colored state on the map, after that click on Drill through -> And then you can drill trough either Fatalities, Miles Driven or Fatality Rate.

How to get back to the main dashboard:

Once you have drilled through the state to the page you have selected, you will notice an arrow button at the bottom left corner of that pace, you can click that button and it will take you back to the main dashboard.

*/** PLEASE NOTE THAT IF YOU DON'T DRILL THROUGH THE OTHER PAGES FROM THE MAIN DASHBOARD, THE FATALITIES, MILES DRIVEN AND FATALITY RATE PAGES WON'T DISPLAY THE DATA FROM THE STATE YOU HAVE SELECTED FROM THE DASHBOARD PAGE. **/*
